

## Job Description: Narrative Designer

Endless is an interactive storytelling company. Our mission is the never-ending pursuit of the most innovative and engaging ways to tell great stories. We're currently partnering with one of the biggest entertainment companies in the world on an interactive storytelling platform featuring all-new shows based on some of the most iconic IP from film and television.

Interactive storytelling is an exciting new medium that puts the audience in control of the story. Think of it as a TV show and a choose-your-own-adventure book rolled into one. But you may already know that, in which case, you may be just who we're looking for!

We are seeking an experienced Designer with outstanding narrative design skills and a proven track record of shipping high-quality mobile apps (ideally in the free-to-play narrative space). This highly-motivated individual will collaborate with narrative design leads and the writing team throughout the story development process to produce fun and impactful player experiences. The Designer will directly develop story-driven interactivity across multiple interactive stories.

This position is for onsite at our New York City, San Francisco or Los Angeles office.

### Responsibilities

- Own the narrative design for multiple episodic series.
- Collaborate with the narrative director and lead writer in story development.
- Work closely with the lead writer to establish player rails, choice paths and other interactivity.
- Work with product to develop an episode's monetization strategy.
- Ownership and development of design documentation.
- Communicate progress to production and senior leadership.
- Contribute to the current and future vision of the studio's design philosophies.

### Requirements

- Self-starter with a passion for story-first experiences.
- 3+ years experience as a narrative designer or equivalent.
- Excellent creative writing skills.
- Excellent written and verbal interpersonal communication skills.
- Experience using Unity or equivalent.
- Deep understanding of what motivates players in interactive stories.
- Experience working with narrative in the free-to-play space is a big plus.

### Compensation

- Competitive Salary
- Stock Option Plan
- Medical & Dental
- 401K
- Commuter Benefits
