

## Job Description: Sr. Narrative Designer

Endless is an interactive storytelling company. Our mission is the never-ending pursuit of the most innovative and engaging ways to tell great stories. We're currently partnering with one of the biggest entertainment companies in the world on an interactive storytelling platform featuring all-new shows based on some of the most iconic IP from film and television.

Interactive storytelling is an exciting new medium that puts the audience in control of the story. Think of it as a TV show and a choose-your-own-adventure book rolled into one. But you already knew that... because you have a ton of experience in the space!

We are seeking an experienced Senior Designer with outstanding narrative design skills and a proven track record of shipping high-quality mobile apps (ideally in the free-to-play narrative space). This highly-motivated individual will collaborate with the writing team and fellow designers throughout the story development process to produce fun and impactful player experiences. The Senior Designer will work with a team of 3-4 designers in the development of story-driven interactivity across multiple interactive stories.

This position is for onsite at our New York City, San Francisco or Los Angeles office.

### Responsibilities

- Own the narrative design for multiple episodic series.
- Collaborate with the narrative director and lead writer in story development.
- Work closely with the lead writer to establish player rails, choice paths and other interactivity.
- Work with product to develop a show's monetization strategy.
- Ownership and development of design documentation.
- Communicate progress with production and senior leadership.
- Contribute to the current and future vision of the studio's design philosophies.

### Requirements

- Self-starter with a passion for story-first experiences.
- 5+ years experience as a narrative designer or equivalent.
- At least 1 year in a lead design role.
- Excellent creative writing skills.
- Excellent written and verbal interpersonal communication skills.
- Experience using Unity or equivalent.
- Deep understanding of what motivates players in interactive stories.
- Experience working with narrative in the free-to-play space is a big plus.

### Compensation

- Competitive Salary
- Stock Option Plan
- Medical & Dental
